

Mickey Muñoz

Once described as the “surfer’s surfer” Mickey Muñoz has been riding waves since the 50’s. Winning the first professional surf contest and pioneering Waimea Bay are some of the many things Mickey Muñoz the surfer has accomplished.

Equally impressive yet not as widely recognized is Mickey Muñoz the designer. At Surftech we call him the “designer’s designer.” For years he was one of the main men at Hobie. Mickey has shaped thousands of boards, designed numerous boats, help create snowboards and shaped us this stunning 12’0” Super Glide, 11’0” “Ultra-Glide” and 10’6” “Glide” model. Available in wood veneer or TUFLITE® constructions these thoroughbreds may have the richest pedigree of all our models.

10'6" Glide
 Nose: 16 5/8"
 Mid: 24 1/2"
 Tail: 15 1/8"
 Thick: 3 1/2"
